Are you looking to get your 2016 vacation and summer programs in front of parents who are busily planning their children's vacation schedule?

When you list your camp information with PortlandKidsCalendar, you've chosen to promote your vacation programs to over 5,000 decision makers like parents and caregivers a month. No other website can offer that!

What's a "Vacation/Summer Camp" listing?

The "Vacation/Summer Camp" area of our website lists information about local summer camps, programs and activities. Listings in this section will also allow you to promote your 2016 February and April vacation programs and summertime schedules.

What's included?

Your business will be listed in the "Vacation/Summer Camp" section with a custom description of your camp programs and offerings. Sweeten the pot by including fun photographs and make registration a cinch by providing direct sign-up links.

How many people will see your listing?

A lot. Our website gets over 5,000 unique users a month. Parents visit PKC because they trust us to provide them with authentic and engaging recommendations for their children's summertime activities. You connect with *us*, and they'll connect with *you*.

Will your listing get noticed?

Yes. The "Vacation/Summer Camp" sections has its own tab at the top of our website which is accessible from every page. This section is not a comprehensive directory listing like other areas of our site—only businesses serious about connecting with parents to promote their school break and summer programs will be included in this section.

What's the cost?

\$75 per month with a 15% discount when you sign up for three or more months. (Runs anytime from February through September 2016).
